

## **Kitchen Sink – Tom Wells**

There was three of us, right, me and these two lads from bloody, Burton Pidsea, and he was chatting with them beforehand, taking the piss, I could hear him, and they were laughing like dickhead-lad laughing and then we got up and he, I dunno. Made me go last and every time I finished he'd just be like: 'very feisty'.

And I was getting more and more...

The lads were pissing themselves and Sensei Steve was there watching, not saying anything just... And then we finished and he, Keith, examiner or whatever turned to the lads and went: 'Bit feisty this one, eh, lads?' And I'd done, everything right. I'd, I'd done everything I need for my black belt and you know, proved myself and still he was.. He wouldn't've said it about a lad. He wouldn't've taken the piss out of... So anyway I just lost it, turned round and...

But yeah. Bit of a shit day. As it goes.
